

# Ground breaking ceremony for Kempinski Hotel in Portsmouth takes place

Posted: 9:54 am, October 17, 2015

Picture of how the luxury hotel will look upon completion.

The official ground-breaking ceremony for a one hundred and one room hotel on Douglas Bay in Cabrits, by Kempinski Hotels, took place today at Douglas Bay, an area between Cabrits and Tan Tan.

The ground-breaking comes after the Government and Range Developments, signed an official agreement for the construction of a luxury hotel resort as an approved project under its Citizenship by Investment programme in November of last year.

According to a release issued by Kempinski last year, "The resort will be surrounded by the Cabrits National Park, an area known for its natural beauty."

Cabrits Resort Kempinski Dominica has been designed to ensure a natural balance between the land and the sea, while ensuring a modern contemporary guest experience.

The luxury hotel will offer a unique opportunity, the first Government approved real estate project under the Citizenship by Investment Program of the Commonwealth of Dominica.

The resort will be Kempinski's first luxury hotel project in the Caribbean.
